

Arkansas State Library
A division of the Arkansas Department of Education
Solar Science Programming Kit
Agreement

- 1) Solar science kits check out for five weeks at a time. The borrower is responsible for coordinating pick-up and drop-off with the Library Development team at the Arkansas State Library.
- 2) There are four kits designed for children's programming and four kits designed for inter-generational programming including adults, teens, and children. Libraries may request both types of kits for use at the same time, or may request one kit at a time.
- 3) Kits are scheduled based on the Monday of the first week the kit is loaned. For example, the first five week borrowing period begins Monday, May 15 and lasts through Friday, June 16 with pick-up scheduled during the first week on or after May 15, and drop-off scheduled during the last week on or before June 16. Kits can be requested on any Monday beginning May 15, 2023.
- 4) Borrowing libraries are responsible for the proper care of equipment borrowed from the Arkansas State Library and shall be charged repair or replacement costs in the event of damage to or loss of equipment due to negligence outside of normal wear and tear.
